HE SAVED HIS TRAIN AFTER TRACY RELICS

Rock Island Brakeman Balks Efforts Dead Body of the Outlaw Stripped of All Clothing.

THE ROBBER ESCAPES CUT INTO SHREDS

Attempt Was Made to Rob the Train but the Brakeman Had a Hand to Hand Fight With the Bandit and Was Victor.

Fort Worth, Tex., Aug. 7.—An attempt was made to hold up the Chicago, Rock Island and Pacific southbound fast express train at a point about ten miles south of Chickasha, in the Indian Territory, between 2:30 and 3 o'clock Wednesday morning. The train which was due here at 7:10 a. m., did not reach Fort Worth until about noon, the delay having been occasioned, however, by the attempted hold-up.

The details as learned here are, that a lone highwayman attempted to rob the train midway between Chickasha and Rush Springs. Brakeman D. W. Carpenter, who was in the smoker of the sleeper, heard a loud peculiar noise at the rear door of the sleeper and upon going to the platform to ascertain what the trouble was, was confronted by a heavily built man who spoke roughly and informed the brakeman that he would have to go through the train with him as he held up the passengers. The brakeman noticed that the would-be robber held a pistol in his hand and after getting close to him replied that he guessed he wouldn't, after which the highwayman raised his weapon. The two men clinched and for several minutes they struggled while the train was going at a very high rate of speed. Carpenter finally grabbed the robber's pistol and the two found themselves in the passageway from the rear door. The brakeman labored under difficulties, one of his hands being crippled in an accident about a year ago. He could not hold his own with the bandit and when he finally released his hold, the robber fired three shots from his 44-caliber pistol, all taking effect in Carpenter's right hand. Notwithstanding the wounds which had been inflicted, Carpenter, who remained at close range, still combated his foe and ultimately succeeded in forcing him to drop his pistol, which fell to the platform and rolled off. Both men were exhausted from the struggle and the robber as soon as he was deprived of his weapon by Carpenter's determined resistance, grabbed the automatic valve on the rear of the car and applied the air to the emergency brakes, jumping from the train as it came to a standstill.

Escaped Convict Creates Terror.

Nashville, Aug. 7.—The escape of the 16 prisoners from the state prison has created a reign of terror in the country for many miles west of Nashville. Women and children are afraid to venture out from home and most of the men go armed. Convicts, or men supposed to be convicts, in all styles of dress and some practically naked have been seen in that section since Monday night and the people are giving every stranger a wide berth. The store of N. D. Holmes at Vaughan's Gap, 10 miles west, was robbed, presumably by the convicts. Emory Hunter, one of the convicts, was captured by a farmer.

Double-Header Wrecked.

Marshall, Tex., Aug. 7.—A double-header freight train on the Kansas City Southern railway ran into Texas and Pacific freight train No. 67 at Mansfield, La., Tuesday evening. Engine 277 of the Kansas City Southern struck the first car behind engine 230 of the Texas and Pacific, causing the engine and three freight cars to be overturned. The Kansas City Southern engine was thrown on its side and several cars derailed. Engineer Ferguson of the Kansas City Southern engine No. 277 sustained slight injuries by jumping against a barbed wire fence.

The Choctaw Election.

South McAlester, I. T., Aug. 7.—The Choctaw election for principal chief occurred Wednesday. Scant returns received indicate an unusually large vote. The issue of the campaign was the supplementary treaty, Green McCurtain favoring and T. W. Hunter opposing. Eight precincts heard from. Kiowa, Atoka, McAlester, Canadian, Kalvin, Hartshorne, Wilburton and Caddo, gave McCurtain 340 votes and Hunter 545. Both candidates are claiming the victory and several counties are to be heard from.

After Bogus Food Products.

Chicago, Aug. 7.—The Illinois state food commission has begun a vigorous crusade against sellers of bogus food products. Proceedings have been instituted in Chicago and nearby towns against 52 grocers against whom evidence has been secured, and other prosecutions are to follow. Most of the prosecutions are for selling impure vinegar and bogus butter.

Charged With Selling Bogus Labels.

Chicago, Aug. 7.—Isaac Goldsmith, once a prosperous cigar manufacturer of Chicago, is under arrest here in connection with what is said to be a systematic plan of forging union cigar labels.

Dead Body of the Outlaw Stripped of All Clothing.

CUT INTO SHREDS

Even a Handkerchief and a Strap Soaked in the Blood of the Dead Man Were Carried Away by Relic Hunters.

Spokane, Wash., Aug. 7.—When the sheriff with the body of Harry Tracy drove through Davenport hundreds of persons followed up streets and crowded about the wagon.

By the time the wagon reached the morgue the streets were crowded and from every quarter could be heard "Three shouts for Lincoln county." The morgue doors were closed and the crowd was asked to stand back, but several persons were allowed to see the body and then trouble began.

Every one wanted a relic, and in a short time nothing was left but the body. Some one even picked up a blood stained handkerchief which had been used by the outlaw to keep from bleeding to death. Before he could carry the awful relic away he had to do it up in paper, as it was too wet to place in his pocket.

Some one got the strap which had been pulled around his leg to keep him from bleeding to death. That too was soaked with blood which ran from the upper wound. Many locks of the outlaw's hair were carried away and in some places his head had been made bald. His trousers were cut into strips and before they were divided they were cut into smaller pieces.

Many of Tracy's cartridges were divided among members of the posse.

Confidence in Administration.

Chicago, Aug. 7.—Confidence in the administration to do the right thing in the matter of Spanish friars' lands in the Philippines and as to education in insular possessions, was the tenor of discussion at the morning session of the convention of American Federation of Catholic societies.

After further discussion resolution on Philippines question embodying words of sympathy and support for friars, confidence in the United States government and respect for its attitude toward Catholic questions, and condemnation of unfavorable reports circulated about friars was passed.

Monument from Children.

Ottawa, Ont., Aug. 7.—Lord Dundonald, Canada's major general, spoke at the unveiling of a monument to the Ottawa soldiers who fell in South Africa. The monument was the gift of 30,000 children. Lord Dundonald said the offering was an honor which the king or parliament could not bestow. If Canada were ever attacked, he said, the sons of Natal and the Cape will rush to its assistance as eagerly as Canada to theirs.

Professor Egbert Will Accept?

New York, Aug. 7.—Director of Education C. Egbert of Jersey City has received official notice of his selection by the American university in Rome as representative of the American colleges to occupy a chair at the university of the year 1903-1904. Columbia college, in which Mr. Egbert holds a chair at present, has granted him leave of absence with full salary for one year in order that he may accept the appointment.

Drowned from Cloudburst.

Trinidad, Colo., Aug. 7.—At Blossburg, five miles west of Raton, N. M., a cloudburst drowned four persons—Mrs. Francisco Dominguez and three children.

A man, his wife and three children are reported drowned at Tercoo. They were seen just before the arrival of the big wall of water, but all efforts to find them since have failed.

Will Ask Miners Be Pardoned.

Wilkesbarre, Pa., Aug. 7.—President Mitchell of the United Mine Workers in an interview said with reference to the decision of Judge Goff in the habeas corpus proceedings against the miners in West Virginia: "The only thing to do now is to make an appeal to President Roosevelt for pardon of the men in jail, and this probably will be done at once."

Fifteen Were Killed.

Marshalltown, Ia., Aug. 7.—Further developments show fifteen persons were killed and forty injured in the freight wreck on the Chicago, Milwaukee and St. Paul road near here. Of the injured two or three can not recover. It is thought possible more bodies may be found as the wreckage has not yet been entirely cleared away.

Big Heart Elected Chief.

Pawnee, Okla., Aug. 7.—James Bigheart, the nominee on fullblood ticket, has been elected principal chief of the Osage Indians for two years over Bacon Bird, candidate on the progressive ticket. The principal issue was the proposed allotment of Indians. Bigheart's election means the land will not be allotted during his term.

No Papal Delegate Selected.

Rome, Aug. 7.—The appointment of papal delegate to the Philippines is still undecided. The only change in

the situation is there is now greater prospect of Monsignor Guidi's selection. Monsignor Guidi himself says his nomination has not been officially decided upon as yet.

Unable to Check Cholera.

Berlin, Aug. 7.—Telegram received here from Blavostschensk says medical resources at hand are entirely inadequate to cope with the cholera epidemic. Between July 22 and August 3 there were 161 cases and 101 deaths from the disease in Blavostschensk.

Suicided by Hanging.

Ballinger, Tex., Aug. 7.—A Bohemian by the name of Frank Strener, living two miles south of Rowena, this county, was found hanging to a mesquite tree. He leaves a wife and four small children.

Girl Burned to Death.

Dallas, Aug. 7.—Annie Ahlfonper, aged 9 years, was burned to death here Wednesday. She poured oil on a furnace which set fire to her clothing.

Floods and strikes have been
pretty general recently.

proclamation requesting the ob-
servance of Labor Day, Monday,
Sept. 1.

Al G. Fields, the minstrel man,
is a candidate for mayor of Co-
lumbus, Ohio. If elected he will
probably make a great show of
the town council.

A gentleman recently returned
from the East, in conversation
with this writer, said that there is
little doubt that the Republicans
will nominate Roosevelt for presi-
dent, and that he is the strongest
man they can name. As regards
the democratic choice, little can
yet be determined. Hill is prom-
inent, Shepherd of New York is
also mentioned, as well as others,
but positively no guess can be
hazarded at this time as to what
the result will be.

There is a great deal of agita-
tion going on with reference to
leveeing the Brazos river. It has
come to the pass where this must
be done to save the crops on the
fertile lands in the valley of the
Brazos. A meeting will be held
in Navasota today to discuss the
project, and Congressman Ball is
expected to be present by invita-
tion. The Eagle would like to see
the planters and business men all
along the river and adjacent terri-
tory take the matter up and see if
something can't be done.

THAT CUBAN LOAN.

Believed Money Can Be Raised Legiti-
mately to Meet Crisis.

New York, Aug. 7.—Regarding the
status of the proposed Cuban bond is-
sue, a dispatch from Havana to the
Herald says the Platt amendment and
Cuban constitution can be complied
with. High officials here say the con-
gress of the United States not having
granted reciprocity cannot prevent Cu-
bans seeking money to face existing
crisis and pay recognized and valid
debts.

It is the intention to negotiate the
proper loan in the United States. The
bonds will be payable in American gold
and are to be advertised in New York.
There is no intention to contract debts
with Europe which might cause diffi-
culties for Cuba or the United States.
It is believed the loan proposition can
be brought within the provisions of the
Platt amendment, and that it will not
be necessary for President Palma to
veto the bill.

TENNESSEE ELECTION.

No State Officers, but Many Judges Are
to Be Selected.

Nashville, Aug. 7.—An election was
held in Tennessee today to select
five judges of the supreme court and
three judges of the chancery court of
appeals.

In addition judges were selected in
every chancery and judicial district in
the state, together with states attor-
neys for various circuits.

At the same time Democratic can-
didates for congress were nominated
by primaries held in the Fourth, Sixth,
Seventh, Eighth and Ninth districts.
Before the polls were opened it was

THE NEGRO CONGRESS.

Second Day's Session Begun With Prayer
Meeting at Piedmont Park.

Atlanta, Aug. 7.—The second day's
session of the negro young people's
educational and Christian congress be-
gan with largely augmented attend-
ance.

Sunrise prayer meetings were held
and at the close of these meetings
the regular sessions of the convention
began at Piedmont park.

The morning session was presided
over by Rev. Dr. J. W. E. Bowen of
the Cammon theological seminary at
Atlanta.

During the afternoon conferences
were held at various evangelical
churches of the city upon subjects con-
nected with moral and intellectual el-
evation of the colored race.

TO MARK DESERTERS.

Reported All Who Return to the Mines
Will Lose an Ear.

Shenandoah, Pa., Aug. 7.—Rev.
Charles Edwards, pastor of the Pres-
byterian church here, says the young
men in his congregation, which is made
up principally of mine workers, have
informed him that the foreigners have
determined to cut off an ear of every
man who returns to work, so they will
forever be marked as "unfair work-
men." Edwards said his young men
are in position to know, and he be-
lieves the story.

Foreigners think this the easiest
method for preventing attempts to
break the strike.

Another Alleged Robber Arrested

Wichita, Kans., Aug. 7.—Charles
Johnson, one of four men in the gang
accused of robbing the bank in Ar-
kansas, is in jail at Evansville, Ind.,
according to telegram received here
by Chief Burt, of this city. Two of
the alleged criminals are in jail at
Little Rock awaiting trial. The lead-
er of the gang escaped from the hos-
pital in this city some weeks ago.

FIVE MINES FLOODED

They Are Rendered Useless and Are
Have Been Abandoned.

BAD ON THE MINES

Two Thousand Men Will Be Forced to
Seek Employment Away from
Shenandoah—Contempt Case
of Miners Affirmed.

Shenandoah, Aug. 7.—William
Stein, the state mine inspector for
the Shenandoah region, announces
that five collieries under his jurisdic-
tion, which have an estimated total
value of \$1,500,000, have been render-
ed useless by reason of having been
flooded and have been permanently
abandoned.

Four of them—Bear Run, East Bear
Ridge, Kohineer and Preston No. 3,
belong to the Philadelphia and Read-
ing Coal and Iron company—the other
colliery is the Lawrence and is
owned by the Shaefer estate of Potts-
ville. Mr. Stein estimates that out
of the 36 collieries in his district only
14 are in condition for immediate
operation even if the strike were
ended. The others are in such a con-
dition that it would require from one
to four months to make repairs. He
said the average time would be about
two months.

The abandonment of the five colli-
eries will compel 2000 mine workers to
seek employment in other parts of
the region. This condition of affairs,
the mine inspector said, is a serious
matter not only with the companies,
but with the men. After the strike
shall have been ended most of the
workmen will have to remain in idleness
until the collieries are placed in
working condition.

In the coal fields south of here Mr.
Stein said the situation is about as
bad. But in the Wyoming and Lack-
awanna region the mines are in much
better condition. The mine inspec-
tor's statement created considerable
interest here as it confirmed the be-
lief of the coal company officials that
the full resumption of coal mining
will not take place this year, and in
consequence the tendency of coal
prices will be upward rather than
downward.

The situation so far as the peace
of the Shenandoah region is concern-
ed remains unchanged.

General Gobin said that he had
been advised that foreigners in this
vicinity were being drilled, but he
would not say whether the informa-
tion he had received was correct. He
believed, however, there are many
smart men among the foreigners who
have been officers in European armies
and have taken refuge in this coun-
try. The ex-officers, the general said,
have considerable influence over the
others and they were not to be trust-
ed. He characterized the ex-officers
as "adventurers and degenerate heirs
of noble sires."

Paul Pulaski, national organizer of
the United Mine workers who looks
after the foreign members of the
union, denied all the stories of se-
cret drilling by the Poles and who
belong to beneficial societies and who
keep up a form of military organiza-
tion. He said this was done only to
keep alive the memory of their days
at home. These organizations he
said can be found in most cities where
there is any considerable of foreign-
ers. "The foreigners," he concluded,
"think too much of the freedom they
have in this country to turn guns
against its government."

Miners Still Held for Contempt.

Clarksburg, W. Va., Aug. 7.—Judge
Goff, in a lengthy opinion Wednesday
decided the habeas corpus case against
the miners and agitators and remanded
them to the custody of the removed
and sheriff, and they will be removed
to Parkersburg to serve the balance
of their sentence. The judge said the
only question was as to the jurisdic-
tion, and that the Guarantee Trust
company of New York was entitled to
a standing in court, and it was not ab-
solutely necessary for the fuel com-
pany to be made a party in the suit.
The decision is a great disappointment
to the miners and their counsel say
that no other action can be taken at
present at least.

Sabine Rising Again.

Longview, Tex., Aug. 7.—The big
rise in the Sabine river occasioned by
the recent rains over the country
further up the river struck here Wed-
nesday. It is now about ten feet
higher than it was two days ago and
is still rising. The water is out of
the banks and flooding lowland farms
and making it difficult to travel
through the bottoms.

Stabbing at Dallas.

Dallas, Aug. 7.—H. B. Austin, a
white man, age 25 years, was badly
stabbed Wednesday night on the Hou-
ston and Texas Central track, near the
corner of Marilla and Wood streets.
He does not say who stabbed him. He
came here recently from Marshall. His
condition is serious.

Revolutionary Forces Defeated.

Panama, Aug. 7.—A message has
been received from telegraph inspector
Gomez at San Carlos confirming the
news of the defeat at Agua Dulce of
the revolutionary forces under Gen.
Herrera.

PASSENGERS SAVED.

Brakeman Rushed Them from a Coach
That Was Being Washed Away.

Florence, Col., Aug. 7.—A Rio Grande
passenger train from the east en route
to California and carrying 350 tourists
was ditched just east of Florence, near
Swallows.

The wreck was caused by the train
being struck by a wall of water eight
feet high, coming down Peck creek,
caused by the heavy rain in the moun-
tains south of here Tuesday afternoon.
The brakeman saw the torrent when
it was only a short distance from the
train. The rushed through the eight
coaches and told the passengers on
the two rear coaches to hurry to the
front of the train. Just as the last
tourist left the rear coach the water
struck the cars and breaking the coup-
ling pins, hurled them into the air
and landed them forty feet from the
track.

The trucks were knocked off the day
coach, which, after striking the ground,
went down fifteen feet into the mud.
The sleeper was thrown against the
farm house of J. C. Roberts, which
was occupied by himself, wife and
three children. The coach formed a
wall and turned the water from the
house, thus saving the building from
going into the river and also the lives
of its occupants.

The engine was badly damaged by
the water, but managed to pull the
two cars remaining on the track some
distance from the flood. They are now
occupied by the trainmen and tour-
ists and no one is reported injured.

CAUGHT ON A TRESTLE.

Two Young Women Crushed to Death
and Three Injured.

Louisville, Ky., Aug. 7.—An excursion
train on the Illinois Central caught
five young ladies on a high trestle at
Dawson Springs Wednesday. Two were
crushed to death and the others jump-
ing were probably fatally injured.

The dead:

Miss Johnny Smith, Paducah, Ky.

Lucy Stevenson, Hickory Grove, Ky.

The injured:

Miss Lena Flint, Paducah, Ky.

Miss Edith Stevenson, Hickory
Grove, Ky.

Miss Annie Nicholas, Hawes, Ky.

All were young women who were so-
journing at the Springs.

Oil Vessel Burned.

Port Arthur, Tex., Aug. 7.—The
Eocene, thirty-seven tons gross and
and twenty-three tons net, the property
of the J. M. Guffey Petroleum com-
pany, took fire Wednesday while lying
alongside of the Guffey wharf on Tay-
lor's bayou, four miles west of town.
The wharf and warehouses were saved.
The burning vessel was towed across
the bayou to Mud Flats and there burn-
ed to the water's edge, proving a total
loss. The Eocene was built in Lake
Charles, La., in 1893 and was in repair.
Loss \$1000.

Banquet for Culberson.

Dallas, Aug. 7.—The banquet given
to Senator Charles A. Culberson at the
Oriental hotel Wednesday night by the
Dallas Commercial club in recognition
of his services to Texas and particu-
larly to Dallas, was a brilliant and a
successful affair. It was attended by
representative citizens, regardless of
party affiliation and their praises of
the course pursued at Washington by
the senior senator from Texas were
of a character that left no doubt of
their sincerity. About 180 attended.

AMERICAN GUNNERS BEST

Men on the Mayflower Personally Commended by the President.

Greenport, L. I., Aug. 7.—President Roosevelt Wednesday participated in mimic warfare and personally complimented the men behind the guns. The maneuvers which the ship executed were precisely those which might have to be gone through in an active battle.

The gun practice of the crew of the Mayflower indicates that the men behind the guns on board American vessels are even more efficient and accurate than they were at the memorable battle of Manila bay or at the decisive victory achieved by the American fleet off Santiago. The Hispano-American war demonstrated the fact that the United States navy contained fine marksmen, and the presence aboard the Mayflower of President Roosevelt was evidence of his desire personally and by every means in his power to foster and improve this important branch of the work of the navy. To this end it is the purpose of the president to urge the necessity of continued target practice by the crews of American warships.

The shooting of the winning gun crew was phenomenally good. At an average of 1500 yards they made 80 per cent of hits. They fired 20 shots and made 16 hits, two of them being actual bulls eyes. At the conclusion of the target practice the crew assembled on the quarter deck to witness the presentation of the prizes offered by the president.

The president then shook hands with the members of the successful crew and as he did so pressed a \$5 bill in the palm of each, but gave \$20 to W. J. O'Donnell, the gun pointer.

BRYAN WOULD ACCEPT.

Could Not Refuse Presidential Nomination if Tendered by Democrats.

Des Moines, Ia., Aug. 7.—A special from Mason City, Ia., says W. J. Bryan, who addressed an audience of 2000 at Clear Lake Wednesday was asked if he had been correctly quoted when it was reported he refused to again be a candidate for president. He replied that only a part of the interview was used. He said he was not a candidate in the light of seeking to again lead the Democratic party, but if the party should decide he was the proper man to head the ticket he could not honorably refuse. He said he believed the money issue to still be prominent, but that the Republican administration in the Philippines and the trust problems were sufficient issues to make a campaign on.

KITCHENER AND ROBERTS

They Are Complimented for Their Services in South Africa.

London, Aug. 7.—The corporation of the city of London celebrated the conclusion of peace in South Africa Wednesday night with a reception in the Guild hall, tendered jointly to Lord Roberts, commander in chief of the forces, and Lord Kitchener. Both guests were presented with addresses commemorating their distinguished war services, and in the case of Lord Kitchener, paying especial tribute to his conduct of the negotiations which led to the surrender of the Boers.

The address to Lord Roberts was enclosed in a golden jeweled casket, elaborately designed. At the request of Lord Kitchener a silver plate was substituted for the gold casket intended for him.

Corporal O'Brien Arrested.

North Adams, Mass., Aug. 7.—Corporal Richard O'Brien, company M, Twenty-sixth infantry, was arrested here on the charge of perjury. O'Brien said he expected to prove every statement that he had made before the senate committee. Corporal O'Brien, in his testimony before the senate Philippines committee, asserted that a Spanish woman in the town of Igaras had been violated by American officers. He testified also that a number of officers, among them Captain McDonald, had become intoxicated and conducted themselves in a disorderly manner, and made other charges which were denied.

Bid for a Convict Farm.

Columbus, Tex., Aug. 6.—The Colorado county convict farm, consisting of 536 acres of very fine farming land, was Wednesday offered for sale at public auction by J. J. Mansfield, county judge, and was bid in by J. R. Wooten at \$9500. The sale was made by virtue of an order of the commissioners' court and is subject to approval at the session to be held next week. The farm with the improvements on it cost the county a little over \$15,000 and it is very probable the sale will be rejected by the commissioners' court.

Deed of a Mexican.

Eagle Pass, Tex., Aug. 7.—At a ranch in Mexico, six miles below C. P. Diaz, a Mexican, finding the wife of another Mexican at her home alone with two small children, proceeded to assault her. Disturbed by the screaming of the children he shot both them dead and then accomplished his purpose. A posse sent to arrest the offender found him with two other men. A fight ensued in which two of the three was killed, but the one the posse was after escaped.

Killed by a Train.

El Paso, Aug. 7.—Donato Pimentro, a young Mexican, was killed by a San Antonio train near Strauss, N. M., and the remains were brought here. The Mexican attempted to board the moving train and falling was dragged by his feet several hundred yards.

Wife Whips Her Husband.

Bonham, Tex., Aug. 7.—An unusual case was laid before the county attorney here. A man appeared before him, alleging that his wife had assaulted him, and, as he expressed it, nearly "wore him out" with a bridle.

TO STUDY WITH HALL CAINE

Mrs. Diggs to Go Abroad For New Light on Sociology.

Mrs. Annie L. Diggs, socialist, one of the founders of the Populist party and who is generally credited with having accomplished the defeat of John J. Ingalls for the United States senate, is going to Europe to study sociological conditions.

Mrs. Diggs will leave this country in May and will first visit Hall Caine in the Isle of Man and obtain from him his ideas and data. She will also visit Italy, Switzerland, Holland, Germany, Russia and possibly the Transvaal.

Mrs. Diggs took her first hand in politics twenty-five years ago in a fight for prohibition in Kansas. After marriage she began her public career as a journalist. She lectured before literary,

MRS. ANNIE L. DIGGS.

reformatory and religious assemblages. When the Alliance movement began among the western farmers, she was one of the first to make speeches in the field. She was chosen by the People's party to reply to John J. Ingalls. In 1892 she was elected secretary of the National Citizens' Industrial alliance.

When Mrs. Lease was in the height of her popularity, she became jealous of Mrs. Diggs' growing power. While addressing an audience one night in Topeka she charged that Mrs. Diggs was not working in good faith for the People's party.

When Mrs. Diggs got up to reply after the conclusion of the speech of Mrs. Lease, the audience arose in expectancy. Facing her accuser, she extended her index finger and exclaimed, "Woman, you have lied." The audience burst into tumultuous applause, and Mrs. Lease's power in Kansas was broken. She had lost the place she had held in the public mind. When the Populist party got control of Kansas, Mrs. Diggs was made state librarian.

Mrs. Diggs is a great lover of family and home. "No woman on earth thinks more of home than I do," she once said. "It is heaven and earth to me. But fate occasionally throws a person out of his natural sphere, and when it does he must make the best of it."

Mrs. Diggs possesses a rare command of language, and, while always forcible in her presentation of what she conceives to be right, she never employs invective, relying more on convincing her hearers by argument than by arousing their passions or prejudices.

NEW COLOMBIAN MINISTER.

Senor Concha Left Cabinet Position to Take Mission to This Country.

The arrival at Washington of Senor Concha, the new minister from Colombia, is of special interest at present, because one of the routes of the pending isthmian waterway project passes through his country. Senor Concha succeeds Dr. Silva, whose recent retirement caused some surprise.

Senor Vincente Concha is a wealthy Colombian lawyer and statesman. He is about forty years old and was born

HE SAVED HIS TRAIN AFTER TRACY RELICS

Rock Island Brakeman Balks Efforts
of a Train Robber.

THE ROBBER ESCAPES

Attempt Was Made to Rob the Train
but the Brakeman Had a Hand
to Hand Fight With the
Bandit and Was Victor.

Fort Worth, Tex., Aug. 7.—An attempt was made to hold up the Chicago, Rock Island and Pacific southbound fast express train at a point about ten miles south of Chickasha, in the Indian Territory, between 2:30 and 3 o'clock Wednesday morning. The train which was due here at 7:10 a. m., did not reach Fort Worth until about noon, the delay having been occasioned, however, by the attempted hold-up.

The details as learned here are, that a lone highwayman attempted to rob the train midway between Chickasha and Rush Springs. Brakeman D. W. Carpenter, who was in the smoker of the sleeper, heard a loud peculiar noise at the rear door of the platform and upon going to the platform to ascertain what the trouble was, was confronted by a heavily built man who spoke roughly and informed the brakeman that he would have to go through the train with him as he held up the passengers. The brakeman noticed that the would-be robber held a pistol in his hand and after getting close to him replied that he guessed he wouldn't, after which the highwayman raised his weapon. The two men clinched and for several minutes they struggled while the train was going at a very high rate of speed. Carpenter finally grabbed the robber's pistol and the two found themselves in the passage-way from the rear door. The brakeman labored under difficulties, one of his hands being crippled in an accident about a year ago. He could not hold his own with the bandit and when he finally released his hold, the robber fired three shots from his 44-caliber pistol, all taking effect in Carpenter's right hand. Notwithstanding the wounds which had been inflicted, Carpenter, who remained at close range, still combatted his foe and ultimately succeeded in forcing him to drop his pistol, which fell to the platform and rolled off. Both men were exhausted from the struggle and the robber as soon as he was deprived of his weapon by Carpenter's determined resistance, grabbed the automatic valve on the rear of the car and applied the air to the emergency brakes, jumping from the train as it came to a standstill.

Escaped Convict Creates Terror.

Nashville, Aug. 7.—The escape of the 16 prisoners from the state prison has created a reign of terror in the country for many miles west of Nashville. Women and children are afraid to venture out from home and most of the men go armed. Convicts, or men supposed to be convicts, in all styles of dress and some practically naked have been seen in that section since Monday night and the people are giving every stranger a wide berth. The store of N. D. Holmes at Vaughan's Gap, 10 miles west, was robbed, presumably by the convicts. Emory Hunter, one of the convicts, was captured by a farmer.

Double-Header Wrecked.

Marshall, Tex., Aug. 7.—A double header freight train on the Kansas City Southern railway ran into Texas and Pacific freight train No. 67 at Mansfield, La., Tuesday evening. Engine 277 of the Kansas City Southern struck the first car behind engine 230 of the Texas and Pacific, causing the engine and three freight cars to be overturned. The Kansas City Southern engine was thrown on its side and several cars derailed. Engineer Ferguson of the Kansas City Southern engine No. 277 sustained slight injuries by jumping against a barbed wire fence.

The Choctaw Election.

South McAlester, I. T., Aug. 7.—The Choctaw election for principal chief occurred Wednesday. Scant returns received indicate an unusually large vote. The issue of the campaign was the supplementary treaty. Green McCurtain favoring and T. W. Hunter opposing. Eight precincts heard from. Kiowa, Atoka, McAlester, Canadian, Calvin, Hartshorne, Wilburton and Caddo, give McCurtain 340 votes and Hunter 545. Both candidates are claiming the victory and several counties are to be heard from.

After Bogus Food Products.

Chicago, Aug. 7.—The Illinois state food commission has begun a vigorous crusade against sellers of bogus food products. Proceedings have been instituted in Chicago and nearby towns against 52 grocers against whom evidence has been secured, and other prosecutions are to follow. Most of the prosecuted are for selling impure vinegar and bogus butter.

Charged With Selling Bogus Labels.

Chicago, Aug. 7.—Isaac Goldsmith, once a prosperous cigar manufacturer of Chicago, is under arrest here in connection with what is said to be a systematic plan of forging union cigar labels.

Dead Body of the Outlaw Stripped
of All Clothing.

CUT INTO SHREDS

Even a Handkerchief and a Strap
Soaked in the Blood of the Dead
Man Were Carried Away
by Relic Hunters.

Spokane, Wash., Aug. 7.—When the sheriff with the body of Harry Tracy drove through Davenport hundreds of persons followed up streets and crowded about the wagon.

By the time the wagon reached the morgue the streets were crowded and from every quarter could be heard "Three shouts for Lincoln county." The morgue doors were closed and the crowd was asked to stand back, but several persons were allowed to see the body and then trouble began.

Every one wanted a relic, and in a short time nothing was left but the body. Some one even picked up a blood stained handkerchief which had been used by the outlaw to keep from bleeding to death. Before he could carry the awful relic away he had to do it up in paper, as it was too wet to place in his pocket.

Some one got the strap which had been pulled around his leg to keep him from bleeding to death. That too was soaked with blood which ran from the upper wound. Many locks of the outlaw's hair were carried away and in some places his head had been made bald. His trousers were cut into strips and before they were divided they were cut into smaller pieces.

Many of Tracy's cartridges were divided among members of the posse.

Confidence in Administration.

Chicago, Aug. 7.—Confidence in the administration to do the right thing in the matter of Spanish friars' lands in the Philippines and as to education in insular possessions, was the tenor of discussion at the morning session of the convention of American Federation of Catholic societies.

After further discussion resolution on Philippines question embodying words of sympathy and support for friars, confidence in the United States government and respect for its attitude toward Catholic questions, and condemnation of unfavorable reports circulated about friars was passed.

Monument from Children.

Ottawa, Ont., Aug. 7.—Lord Dundonald, Canada's major general, spoke at the unveiling of a monument to the Ottawa soldiers who fell in South Africa. The monument was the gift of 30,000 children. Lord Dundonald said the offering was an honor which the king or parliament could not bestow. If Canada were ever attacked, he said, the sons of Natal and the Cape will rush to its assistance as eagerly as Canada to theirs.

Professor Egbert Will Accept.

New York, Aug. 7.—Director of Education C. Egbert of Jersey City has received official notice of his selection by the American university in Rome as representative of the American colleges to occupy a chair at the university of the year 1903-1904. Columbia college, in which Mr. Egbert holds a chair at present, has granted him leave of absence with full salary for one year in order that he may accept the appointment.

Drowned from Cloudburst.

Trinidad, Colo., Aug. 7.—At Blossburg, five miles west of Raton, N. M., a cloudburst drowned four persons—Mrs. Francisco Dominguez and three children. A man, his wife and three children are reported drowned at Terceco. They were seen just before the arrival of the big wall of water, but all efforts to find them since have failed.

Will Ask Miners Be Pardoned.

Wilkesbarre, Pa., Aug. 7.—President Mitchell of the United Mine Workers in an interview said with reference to the decision of Judge Goff in the habeas corpus proceedings against the miners in West Virginia: "The only thing to do now is to make an appeal to President Roosevelt for pardon of the men in jail, and this probably will be done at once."

Fifteen Were Killed.

Marshalltown, Ia., Aug. 7.—Further developments show fifteen persons were killed and forty injured in the freight wreck on the Chicago, Milwaukee and St. Paul road near here. Of the injured two or three can not recover. It is thought possible more bodies may be found as the wreckage has not yet been entirely cleared away.

Big Heart Elected Chief.

Pawnee, Okla., Aug. 7.—James Bigheart, the nominee on fullblood ticket, has been elected principal chief of the Osage Indians for two years over Bacon Rind, candidate on the progressive ticket. The principal issue was the proposed allotment of Indians. Bigheart's election means the land will not be allotted during his term.

No Papal Delegate Selected.

the situation is there is now greater prospect of Monsignor Guidi's selection. Monsignor Guidi himself says his nomination has not been officially decided upon as yet.

Unable to Check Cholera.

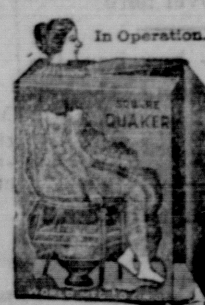

Berlin, Aug. 7.—Telegram received here from Blavostschensk says medical resources at hand are entirely inadequate to cope with the cholera epidemic. Between July 22 and August 3 there were 161 cases and 101 deaths from the disease in Blavostschensk.

Suicide by Hanging.

Ballinger, Tex., Aug. 7.—A Bohemian by the name of Frank Strener, living two miles south of Rowena, this county, was found hanging to a mesquite tree. He leaves a wife and four small children.

Girl Burned to Death.

Dallas, Aug. 7.—Annie Ahlfonper, aged 9 years, was burned to death here Wednesday. She poured oil on a furnace which set fire to her clothing.

FRIDAY, AUGUST 8, 1902

Floods and strikes have been
pretty general recently.

Levee the Brazos. Let every
Texas Congressman be enlisted in
the work.

Grapeland fruit and truck
growers have placed an order for

Governor Sayers has issued a
proclamation requesting the ob-
servance of Labor Day, Monday,
Sept. 1.

Al G. Fields, the minstrel man,
is a candidate for mayor of Co-
lumbus, Ohio. If elected he will
probably make a great show of
the town council.

A gentleman recently returned
from the East, in conversation
with this writer, said that there is
little doubt that the Republicans
will nominate Roosevelt for presi-
dent, and that he is the strongest
man they can name. As regards
the democratic choice, little can
yet be determined. Hill is prom-
inent, Shepherd of New York is
also mentioned, as well as others,
but positively no guess can be
hazarded at this time as to what
the result will be.

There is a great deal of agita-
tion going on with reference to
leveeing the Brazos river. It has
come to the pass where this must
be done to save the crops on the
fertile lands in the valley of the
Brazos. A meeting will be held
in Navasota today to discuss the
project, and Congressman Ball is
expected to be present by invita-
tion. The Eagle would like to see
the planters and business men all
along the river and adjacent terri-
tory take the matter up and see if
something can't be done.

Only \$25.00 to California.

The Southern Pacific has again
opened the doors to cheap travel
from Texas points to California.
During the months of September and
October, one way second class tick-
ets will be on sale from all main line
points on the Houston and Texas
Central railroad and Southern Pa-
cific, at a rate of \$25.00, except from
stations east of Houston, from which
points rate is made by adding local
fare to Houston rate, and from Gal-
veston where the rate will be \$26.45.

These tickets give stop-over at
California points, and offer a splen-
did means of making a trip to Cali-
fornia at lower rates than ever. Con-

THAT CUBAN LOAN.

Believed Money Can Be Raised Legiti-
mately to Meet Crisis.

New York, Aug. 7.—Regarding the
status of the proposed Cuban bond is-
sue, a dispatch from Havana to the
Herald says the Platt amendment and
Cuban constitution can be complied
with. High officials here say the con-
gress of the United States not having
granted reciprocity cannot prevent Cu-
bans seeking money to face existing
crisis and pay recognized and valid
debts.

It is the intention to negotiate the
proper loan in the United States. The
bonds will be payable in American gold
and are to be advertised in New York.
There is no intention to contract debts
with Europe which might cause diffi-
culties for Cuba or the United States.
It is believed the loan proposition can
be brought within the provisions of the
Platt amendment, and that it will not
be necessary for President Palma to
veto the bill.

TENNESSEE ELECTION.

No State Officers, but Many Judges Are
to Be Selected.

Nashville, Aug. 7.—An election was
held in Tennessee today to select
five judges of the supreme court and
three judges of the chancery court of
appeals.

In addition judges were selected in
every chancery and judicial district in
the state, together with states attor-
neys for various circuits.

At the same time Democratic can-
didates for congress were nominated
by primaries held in the Fourth, Sixth,
Seventh, Eighth and Ninth districts.

Before the polls were opened it was

generally anticipated that, except in
certain sections where close congress-
ional or local judicial contests were
in prospect, the vote would be light
although there were rumors of heavy
Republican vote in east Tennessee.
A lively fight for congressional no-
minations in Fourth and Eighth districts
anticipated.

THE NEGRO CONGRESS.

Second Day's Session Begun With Prayer
Meeting at Piedmont Park.

Atlanta, Aug. 7.—The second day's
session of the negro young people's
educational and Christian congress be-
gan with largely augmented attend-
ance.

Sunrise prayer meetings were held
and at the close of these meetings
the regular sessions of the convention
began at Piedmont park.

The morning session was presided
over by Rev. Dr. J. W. E. Bowen of
the Cammon theological seminary at
Atlanta.

During the afternoon conferences
were held at various evangelical
churches of the city upon subjects con-
nected with moral and intellectual el-
evation of the colored race.

TO MARK DESERTERS.

Reported All Who Return to the Mines
Will Lose an Ear.

Shenandoah, Pa., Aug. 7.—Rev.
Charles Edwards, pastor of the Pres-
byterian church here, says the young
men in his congregation, which is made
up principally of mine workers, have
informed him that the foreigners have
determined to cut off an ear of every
man who returns to work, so they will
forever be marked as "unfair work-
men." Edwards said his young men
are in position to know, and he be-
lieves the story.

Foreigners think this the easiest
method for preventing attempts to
break the strike.

Another Alleged Robber Arrested
Wichita, Kans., Aug. 7.—Charles
Johnson, one of four men in the gang
accused of robbing the bank in Ar-
kansas, is in jail at Evansville, Ind.,
according to telegram received here
by Chief Burt of this city. Two of
the alleged criminals are in jail at
Little Rock awaiting trial. The lead-
er of the gang escaped from the hos-
pital in this city some weeks ago.

FIVE MINES FLOODED

They Are Rendered Useless and Are
Have Been Abandoned.

BAD ON THE MINES

Two Thousand Men Will Be Forced to
Seek Employment Away from
Shenandoah—Contempt Case
of Miners Affirmed.

Shenandoah, Aug. 7.—William
Stein, the state mine inspector for
the Shenandoah region, announces
that five collieries under his jurisdic-
tion, which have an estimated total
value of \$1,500,000, have been render-
ed useless by reason of having been
flooded and have been permanently
abandoned.

Four of them—Bear Run, East Bear
Ridge, Kohineer and Preston No. 3,
belong to the Philadelphia and Read-
ing Coal and Iron company—the other
colliery is the Lawrence and is
owned by the Shaefer estate of Potts-
ville. Mr. Stein estimates that out
of the 36 collieries in his district only
14 are in condition for immediate
operation even if the strike were
ended. The others are in such a con-
dition that it would require from one
to four months to make repairs. He
said the average time would be about
two months.

The abandonment of the five collier-
ies will compel 2000 mine workers to
seek employment in other parts of
the region. This condition of affairs,
the mine inspector said, is a serious
matter not only with the companies,
but with the men. After the strike
shall have been ended most of the
workmen will have to remain in idleness
until the collieries are placed in
working condition.

In the coal fields south of here Mr.
Stein said the situation is about as
bad. But in the Wyoming and Lack-
awanna region the mines are in much
better condition. The mine inspec-
tor's statement created considerable
interest here as it confirmed the be-
lief of the coal company officials that
the full resumption of coal mining
will not take place this year, and in
consequence the tendency of coal
prices will be upward rather than
downward.

The situation so far as the peace
of the Shenandoah region is concern-
ed remains unchanged.

General Gobin said that he had
been advised that foreigners in this
vicinity were being drilled, but he
would not say whether the informa-
tion he had received was correct. He
believed, however, there are many
smart men among the foreigners who
have been officers in European armies
and have taken refuge in this coun-
try. The ex-officers, the general said,
have considerable influence over the
others and they were not to be trust-
ed. He characterized the ex-officers
as "adventurers and degenerate heirs
of noble sires."

Paul Pulaski, national organizer of
the United Mine workers who looks
after the foreign members of the
union, denied all the stories of se-
cret drilling by the Poles and who
belong to beneficial societies and who
keep up a form of military organiza-
tion. He said this was done only to
keep alive the memory of their days
at home. These organizations, he
said can be found in most cities where
there is any considerable number of foreig-
ners. "The foreigners," he concluded,
"think too much of the freedom they
have in this country to turn guns
against its government."

Miners Still Held for Contempt.

Clarksburg, W. Va., Aug. 7.—Judge
Goff, in a lengthy opinion Wednesday
decided the habeas corpus case against
the miners and agitators and remanded
them to the custody of the marshal
and sheriff, and they will be removed
to Parkersburg to serve the balance
of their sentence. The judge said the
only question was as to the jurisdic-
tion, and that the Guarantee Trust
company of New York was entitled to
a standing in court, and it was not ab-
solutely necessary for the fuel com-
pany to be made a party in the suit.
The decision is a great disappointment
to the miners and their counsel say
that no other action can be taken at
present at least.

Sabine Rising Again.

Longview, Tex., Aug. 7.—The big
rise in the Sabine river occasioned by
the recent rains over the country
further up the river struck here Wed-
nesday. It is now about ten feet
higher than it was two days ago and
is still rising. The water is out of
the banks and flooding lowland farms
and making it difficult to travel
through the bottoms.

Stabbing at Dallas.

Dallas, Aug. 7.—H. B. Austin, a
white man, age 25 years, was badly
stabbed Wednesday night on the Hou-
ston and Texas Central track, near the
corner of Marilla and Wood streets.
He does not say who stabbed him. He
came here recently from Marshall. His
condition is serious.

been received from telegraph inspector
Gomez at San Carlos confirming the
news of the defeat at Agua Dulce of
the revolutionary forces under Gen.
Herrera.

PASSENGERS SAVED.

Brakeman Rushed Them from a Coach
That Was Being Washed Away.

Florence, Col., Aug. 7.—A Rio Grande
passenger train from the east en route
to California and carrying 300 tourists
was ditched just east of Florence, near
Swallows.

The wreck was caused by the train
being struck by a wall of water eight
feet high, coming down Peck creek,
caused by the heavy rain in the moun-
tains south of here Tuesday afternoon.
The brakeman saw the torrent when
it was only a short distance from the
train. He rushed through the eight
coaches and told the passengers on
the two rear coaches to hurry to the
front of the train. Just as the last
tourist left the rear coach the water
struck the cars and breaking the coup-
ling pins, hurled them into the air
and landed them forty feet from the
track.

The trucks were knocked off the day
coach, which, after striking the ground,
went down fifteen feet into the mud.
The sleeper was thrown against the
farm house of J. C. Roberts, which
was occupied by himself, wife and
three children. The coach formed a
wall and turned the water from the
house, thus saving the building from
going into the river and also the lives
of its occupants.

The engine was badly damaged by
the water, but managed to pull the
two cars remaining on the track some
distance from the flood. They are now

CAUGHT ON A TRESTLE.

Two Young Women Crushed to Death
and Three Injured.

Louisville, Ky., Aug. 7.—An excursion
train on the Illinois Central caught
five young ladies on a high trestle at
Dawson Springs Wednesday. Two were
crushed to death and the others jump-
ing were probably fatally injured.

The dead:

Miss Johnny Smith, Paducah, Ky.
Lucy Stevenson, Hickory Grove, Ky.

The injured:

Miss Lena Flint, Paducah, Ky.
Miss Edith Stevenson, Hickory
Grove, Ky.
Miss Annie Nicholas, Hawes, Ky.
All were young women who were so-
journing at the Springs.

Oil Vessel Burned.

Port Arthur, Tex., Aug. 7.—The
Eocene, thirty-seven tons gross and
twenty-three tons net, the property
of the J. M. Guffey Petroleum com-
pany, took fire Wednesday while lying
alongside of the Guffey wharf on Tay-
lor's bayou, four miles west of town.
The wharf and warehouses were saved.
The burning vessel was towed across
the bayou to Mud Flats and there burn-
ed to the water's edge, proving a total
loss. The Eocene was built in Lake
Charles, La., in 1893 and was in repair.
Loss \$1000.

Banquet for Culberson.

Dallas, Aug. 7.—The banquet given
to Senator Charles A. Culberson at the
Oriental Hotel Wednesday night by the
Dallas Commercial club in recognition
of his services to Texas and particu-
larly to Dallas, was a brilliant and a
successful affair. It was attended by
representative citizens, regardless of
party affiliation and their praises of
the course pursued at Washington by
the senior senator from Texas were
of a character that left no doubt of
their sincerity. About 180 attended.

King Edward Not Fatigued.

London, Aug. 7.—An official bulletin
says King Edward bore the journey to
London Wednesday without the least
fatigue. His majesty had a good night
and is in excellent health, the wound
being practically healed.

AMERICAN GUNNERS BEST

Men on the Mayflower Personally Complimented by the President.

Greenport, L. I., Aug. 7.—President Roosevelt Wednesday participated in mimic warfare and personally complimented the men behind the guns. The maneuvers which the ship executed were precisely those which might have to be gone through in an active battle. The gun practice of the crew of the Mayflower indicates that the men behind the guns on board American vessels are even more efficient and accurate than they were at the memorable battle of Manila bay or at the decisive victory achieved by the American fleet off Santiago. The Hispano-American war demonstrated the fact that the United States navy contained fine marksmen, and the presence aboard the Mayflower of President Roosevelt was evidence of his desire personally and by every means in his power to foster and improve this important branch of the work of the navy. To this end it is the purpose of the president to urge the necessity of continued target practice by the crews of American warships.

The shooting of the winning gun crew was phenomenally good. At an average of 1500 yards they made 80 per cent of hits. They fired 20 shots and made 16 hits, two of them being actual bulls eyes. At the conclusion of the target practice the crew assembled on the quarter deck to witness the presentation of the prizes offered by the president.

The president then shook hands with the members of the successful crew and as he did so pressed a \$5 bill in the palm of each, but gave \$20 to W. J. O'Donnell, the gun pointer.

BRYAN WOULD ACCEPT.

Could Not Refuse Presidential Nomination if Tendered by Democrats.

Des Moines, Ia., Aug. 7.—A special from Mason City, Ia., says W. J. Bryan, who addressed an audience of 2000 at Clear Lake Wednesday was asked if he had been correctly quoted when it was reported he refused to again be a candidate for president. He replied that only a part of the interview was used. He said he was not a candidate in the light of seeking to again lead the Democratic party, but if the party should decide he was the proper man to head the ticket he could not honorably refuse. He said he believed the money issue to still be prominent, but that the Republican administration in the Philippines and the trust problems were sufficient issues to make a campaign on.

KITCHENER AND ROBERTS

They Are Complimented for Their Services in South Africa.

London, Aug. 7.—The corporation of the city of London celebrated the conclusion of peace in South Africa Wednesday night with a reception in the Guild hall, tendered jointly to Lord Roberts, commander in chief of the forces, and Lord Kitchener. Both guests were presented with addresses commemorating their distinguished war services, and in the case of Lord Kitchener, paying especial tribute to his conduct of the negotiations which led to the surrender of the Boers.

The address to Lord Roberts was enclosed in a golden jewelled casket, elaborately designed. At the request of Lord Kitchener a silver plate was substituted for the gold casket intended for him.

Corporal O'Brien Arrested.

North Adams, Mass., Aug. 7.—Corporal Richard O'Brien, company M, Twenty-sixth infantry, was arrested here on the charge of perjury. O'Brien said he expected to prove every statement that he had made before the senate committee. Corporal O'Brien, in his testimony before the senate Philippines committee, asserted that a Spanish woman in the town of Igaras had been violated by American officers. He testified also that a number of officers, among them Captain McDonald, had become intoxicated and conducted themselves in a disorderly manner, and made other charges which were denied.

Bid for a Convict Farm.

Columbus, Tex., Aug. 6.—The Colorado county convict farm, consisting of 536 acres of very fine farming land, was Wednesday offered for sale at public auction by J. J. Mansfield, county judge, and was bid in by J. R. Wooten at \$9500. The sale was made by virtue of an order of the commissioners' court and is subject to approval at the session to be held next week. The farm with the improvements on it cost the county a little over \$15,000 and it is very probable the sale will be rejected by the commissioners' court.

Deed of a Mexican.

Eagle Pass, Tex., Aug. 7.—At a ranch in Mexico, six miles below C. P. Diaz, a Mexican, finding the wife of another Mexican at her home alone with two small children, proceeded to assault her. Disturbed by the screaming of the children he shot both them dead and then accomplished his purpose. A posse sent to arrest the offender found him with two other men. A fight ensued in which two of the three was killed, but the one the posse was after escaped.

Killed by a Train.

El Paso, Aug. 7.—Donato Pimentro, a young Mexican, was killed by a Santa Fe train near Strauss, N. M., and the remains were brought here. The Mexican attempted to board the moving train and falling was dragged by his feet several hundred yards.

Wife Whips Her Husband.

Bonham, Tex., Aug. 7.—An unusual case was laid before the county attorney here. A man appeared before him, alleging that his wife had assaulted him, and, as he expressed it, nearly "wore him out" with a bride.

TO STUDY WITH HALL CAINE

Mrs. Diggs to Go Abroad For New Light on Sociology.

Mrs. Annie L. Diggs, socialist, one of the founders of the Populist party and who is generally credited with having accomplished the defeat of John J. Ingalls for the United States senate, is going to Europe to study sociological conditions.

Mrs. Diggs will leave this country in May and will first visit Hall Caine in the Isle of Man and obtain from him his ideas and data. She will also visit Italy, Switzerland, Holland, Germany, Russia and possibly the Transvaal.

Mrs. Diggs took her first hand in politics twenty-five years ago in a fight for prohibition in Kansas. After marriage she began her public career as a journalist. She lectured before literary,

reformatory and religious assemblages. When the Alliance movement began among the western farmers, she was one of the first to make speeches in the field. She was chosen by the People's party to reply to John J. Ingalls. In 1892 she was elected secretary of the National Citizens' Industrial alliance.

When Mrs. Diggs was in the height of her popularity, she became jealous of Mrs. Diggs' growing power. While addressing an audience one night in Topeka she charged that Mrs. Diggs was not working in good faith for the People's party.

When Mrs. Diggs got up to reply after the conclusion of the speech of Mrs. Lease, the audience arose in expectancy. Facing her accuser, she extended her index finger and exclaimed, "Woman, you have lied." The audience burst into tumultuous applause, and Mrs. Lease's power in Kansas was broken. She had lost the place she had held in the public mind. When the Populist party got control of Kansas, Mrs. Diggs was made state librarian.

Mrs. Diggs is a great lover of family and home. "No woman on earth thinks more of home than I do," she once said. "It is heaven and earth to me. But fate occasionally throws a person out of his natural sphere, and when it does he must make the best of it."

Mrs. Diggs possesses a rare command of language, and, while always forcible in her presentation of what she conceives to be right, she never employs invective, relying more on convincing her hearers by argument than by arousing their passions or prejudices.

NEW COLOMBIAN MINISTER.

Senor Concha Left Cabinet Position to Take Mission to This Country.

The arrival at Washington of Senor Concha, the new minister from Colombia, is of special interest at present, because one of the routes of the pending isthmian waterway project passes through his country. Senor Concha succeeds Dr. Silva, whose recent retirement caused some surprise.

Senor Vincente Concha is a wealthy Colombian lawyer and statesman. He is about forty years old and was born

and educated at the capital of his country, Bogota. He began his career as a newspaper reporter, at the same time studying law. Soon after taking his degree he became private secretary to President Caro. In that position he succeeded so well that President Maerquin, who succeeded Caro, made him attorney general.

At the next change of administration he was appointed minister of war. While serving in that capacity he was named for the Washington mission.
